Subject: PLEASE REINSTATE UBER IN SC!!!

Please allow Uber to continue in SC. This program is very well developed and a lifesaver for many people especially the young population in our towns. While some cannot afford taxi fare and considering the almost total unavailability of cabs in my area-- Greenville SC, Uber offers a safe alternative to drunk driving. What's more important? - the state of SC making more money or saving lives??!!!

Rachel Spradlin

Uber has set the standard for consumer safety in the Palmetto State. All uberX rides are [insured](#) up to \$1,000,000, which is 20x the \$50,000 required of taxis in the state, and all drivers on the uberX platform must pass [background checks](#) at the county, state, and federal level before they are able to drive on the Uber platform. Our commitment to safety exceeds the current state requirements, which is why we are incredibly surprised and disappointed by the actions of the PSC.

We need uber! It's so much more efficient and faster than a cab. Also a lot cleaner. Please allow them to continue their service!

Bring Uber back immediately. Taxi cabs in Charleston are shady. I'm a 36-year-old male business owner with wife and 2 kids and trust Uber way more than any cab in this town. They are efficient for service, cars are newer than most companies, and most importantly keep roads safer.
